

MAREK DUBIENSKI

Graphic Designer
2019 Portfolio

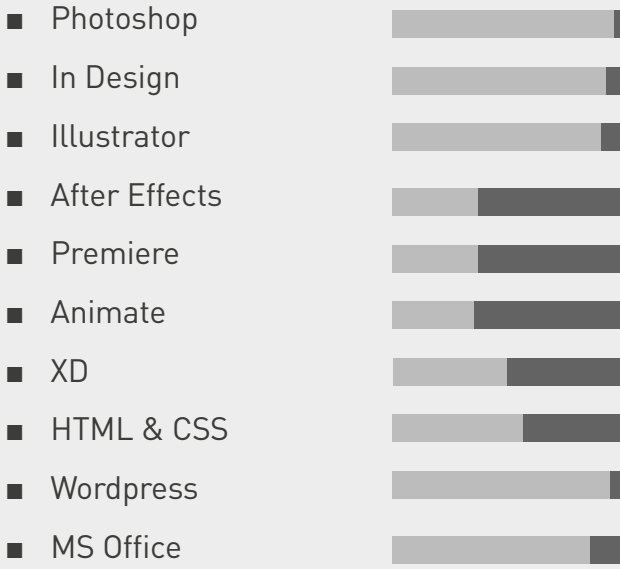

About me

Art is an important part of my life. In school times I joined in art workshops and I had achievements in various art competitions. I went in to the University of computer sciences and skills with specialisation Computer graphic. I also participated in summer sessions in The Joe Kubert School of Cartoon and Graphic Art in New Jersey. In my career I've got an opportunity to work as a member of graphic design team and also as a freelancer while making projects for companies in Poland, United Kingdom, USA, Canada and many more.

Recently I'm working as a Graphic Designer for International Exhibition and Conference Center PTAK Warsaw Expo. I'm responsible for creating key visuals for events, designing graphics ATL, BTL, online and making branding. In my work I combine passion and creative solutions, for which I have often been appreciated and awarded for achievements. Currently I'm looking for a new challenge in an ambitious, high profile company.

“Design is not just what it looks like and feels like. Design is how it works.”

- Steve Jobs

Logos

ANIMALS DAYS

Project of logo for Animals Days, the biggest Zoological Trade Fair in Poland. They needed to make their old logo simpler and modern for these times.

www.animalsdays.eu

WARSAW GAMES SHOW

Logo for Warsaw Games Show. Target was to make a new, three dimensional proposition based on recent trends and inspirations from other gaming events.

www.warsawgamesshow.eu

MARISTORE

nail salon equipment

MARISTORE

Logo for nail salon equipment Maristore from Doncaster, UK. Company wanted to have modern logo inspired by trends in this subject matter.

www.maristore.co.uk

DONKEY CREW

Logo designed for ambitious game studio from Wroclaw, Donkey Crew. Project was inspired by classic American neo-noir mystery film, The Usual Suspects from 1995. Donkey Crew currently is developing the first Nomadic Survival MMO: Last Oasis for PC platform, which will be released in September 2019.

Covers

CATALOGUE COVER WGS

Wrapping for brochure with sponsorship offer from Warsaw Games Show. Idea for a cover was combine gamers with virtual reality. Graphic was used also for an advertising in magazines like: CD-Action and Komputer Swiat.

www.warsawgamesshow.eu

CATALOGUE COVER WARSAW COMIC CON

Project for Warsaw Comic Con, the biggest convention for movie and comic book fans in Poland. Idea for a key visual on a cover was to refresh old graphic, improve some elements and put something new.

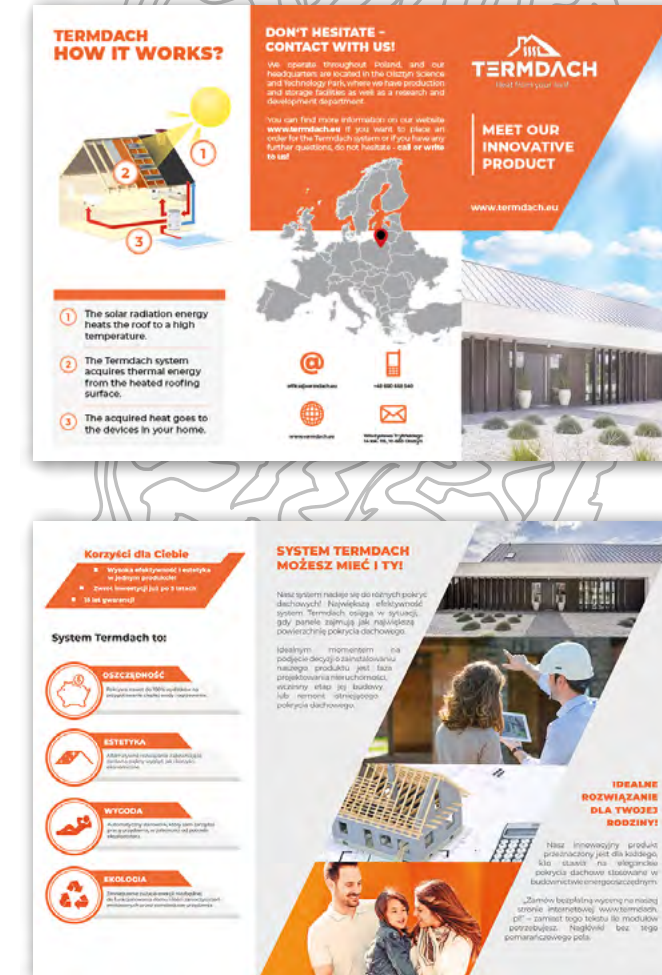

www.warsawcomiccon.pl

MAGAZINE COVER LEISURE SOLUTIONS

Project for Leisure Solutions, magazine published by Fresh Media Ltd from Birmingham. I had a chance to design covers for other their publications like Outlook and Update, and also a brand new layouts for all their publications.

www.freshmedia-uk.co.uk

Flyers

TEMPLE MARTIAL ARTS

Flyer for a martial arts school in kickboxing and kung fu from Birmingham, UK. In this case I had a free hand to make a concept. My idea was to design graphic based on fitness advertising and covers for martial arts movies.

www.temple-martialarts.co.uk

TERMDACH

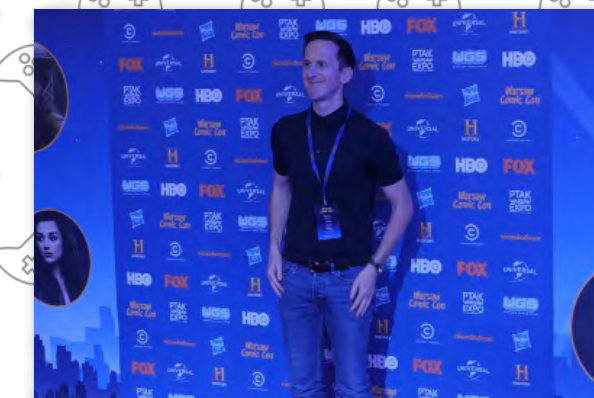

Flyer for a company termdach. They offer solar panels that absorbs energy form whole surface of roof. Cost savings, aesthetics, comfort and ecology. Target was to create three fold flyer with all highlights of this product.

www.termdach.eu

INFOGRAPHIC CV

Project of cv in style of infographic. All the data is presented in a visually accessible way and condensed way using diagrams, charts and other elements graphics.

Branding

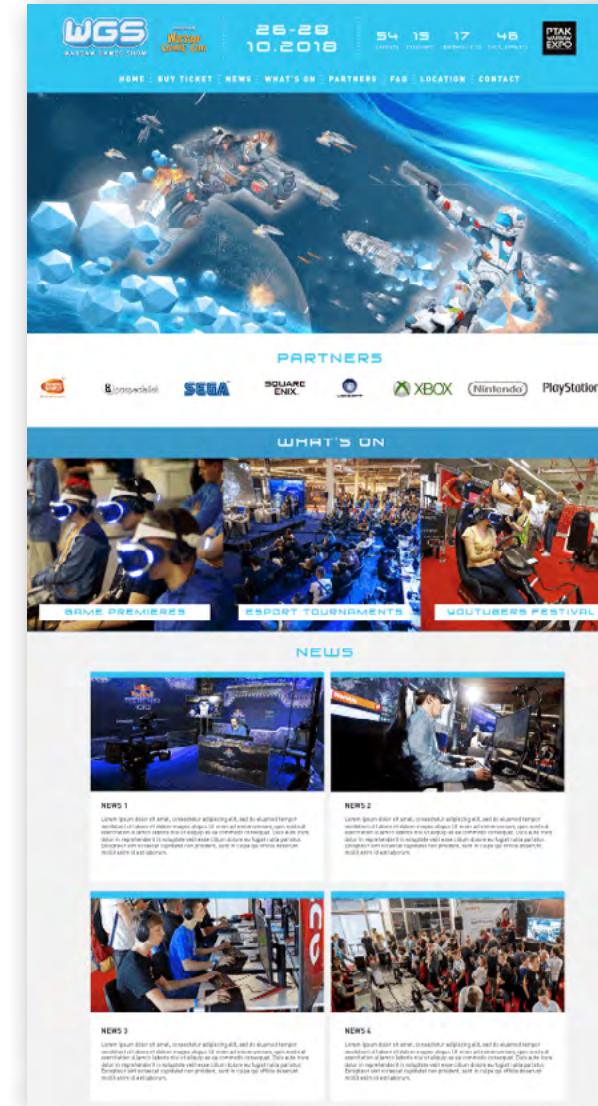

BRANDING FOR EVENTS AT EXPO

While working on events my job was to design many projects for their promotion like advertising, invitations, posters or billboards. I was working also on visual elements of events like banners, presswalls, flags or identification cards. Besides that my duty was to prepare branding for exhibitors at venues and I had an opportunity to work big companies like FOX, Universal Pictures, History Channel, Sony, Red bull, Kakadu, Royal Canin and many more. Pictures above are from my last event, Warsaw Comic Con. Logos below present all the events at which I collaborated with trade fair teams this year.

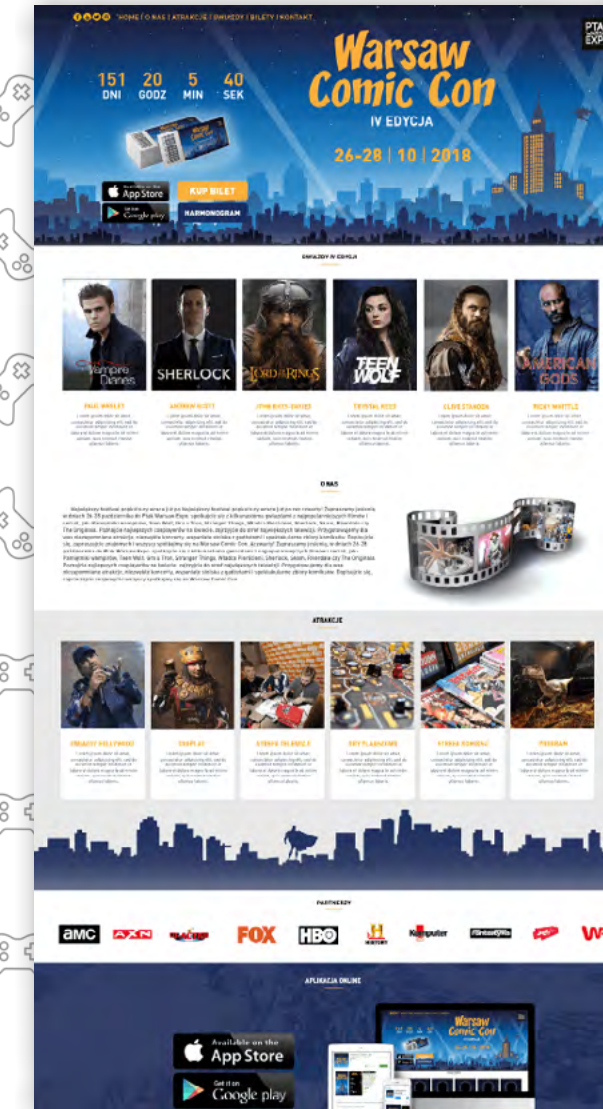

Web Graphics

WARSAW GAMES SHOW

Website layout for Warsaw Games Show. Target was to make a modern, scroll page with all highlights. of this event.

www.warsawgamesshow.eu

WARSAW COMIC CON

Layout for event Warsaw Comic Con. My task was to make a fresh, new website based on key visual that I created at the beginning and new trends.

www.warsawcomiccon.pl

SOCIAL MEDIA ADVERTS FOR DISPLATE

Banners for facebook and instagram campaign for Displate about metal posters collection with Marvel characters. Also I had a chance to create graphics for other franchises like Witcher, Hearthstone and Dying Light.

www.displate.com

Posters

SYNTHWAVE SKYLINE POSTERS COLLECTION

Landscape artworks with skylines of cities in synthwave style inspired by 80s. Honolulu, Los Angeles, Barcelona and many more. Besides Synthwave Skylines I designed 12 collections and 125 posters. Posters are available on Displate, Society6 and Redbubble platform.

POSTERS FOR DC MOVIES BATMAN RETURNS, GREEN LANTERN AND MAN OF STEEL

Inspired by “double exposure” I designed posters for movies from Warner Bros studio, adaptations of comic books from DC. This effect is used in cinema and photography, and it is a combination of two or more elements forming one image. In the above projects I used not only computer graphics techniques, but also illustrations. I made the whole in photoshop using the mouse and graphic tablet, and I added the text with the logos at the end in the In Design application.
